MEDICAL SUPPLIES AND EQUIPMENT

This tax guide is prepared and published for the information of the general public and all persons in business pursuits who would be required to make payment of Sales Tax or Use Tax under provisions of Chapter 25, Article III of the Code of the City of Fort Collins (the "Tax Code"), as well as for the guidance of the City employees whose responsibility it is to collect the taxes imposed by the Tax Code and the enforcement thereof. The following guide is exactly as it says, a GUIDE, and not to be relied upon as an official interpretation of the Tax Code applicable in all circumstances. Instead, specific reference should be made to the Tax Code and related ordinances for what is required in any particular circumstance.

MEDICAL SUPPLIES AND EQUIPMENT

The City of Fort Collins Sales and Use Tax Ordinance provides an exemption for medical supplies such as drugs and prosthetic medical and dental appliances when sold for direct use by a patient in accordance with a prescription or other written directive issued by a licensed practitioner of medicine, dentistry or podiatry.

This exemption excludes consumable supply items purchased for use by medical and dental practitioners or medical facilities in providing their services, even if the item is individually packaged for one time use by a patient.

The exemption applies only to items purchased for human consumption. Prosthetic appliances for animal use are taxable.

NOTE: Medical and/or therapeutic devices or equipment are not exempt even if sold with a doctor's prescription. Such items may include elastic knee braces, waterbeds, hot tubs, exercise bicycles, etc.

The following lists are not necessarily exhaustive but are meant only as examples. If you have further questions about the taxability of particular medical supplies, write to: City of Fort Collins Sales Tax Department, P.O. Box 580, 215 N. Mason Street, 2nd Floor, Fort Collins, Colorado 80522, or call 970-221-6780.
